

"2nd Ocean Yachts Cup 2006"

The "2nd Ocean Yachts Cup 2006" took place with great success. The Ocean Yachts' unique handcrafted sailing boats decorated the Argosaronikos Gulf with their impressive sails and arrived at the Poros Island after an unforgettable race.

The «2nd Ocean Yachts Cup 2006» was successfully organized for the second year by Ocean Yachts SA, the only Greek luxurious sailing yachts manufacturer, from the Alimos marina to Poros Island.

24 powerful Ocean Star sailing yachts along with the wind in the Argosaronikos Gulf ended up early noon at the port of Poros, where a small welcome fiesta took place for the crews by their fanatic friends and the organizers!

This year's regatta was characterised by the fact that almost all Ocean Star yachts reached the finish line in less than 4 hours.

Beside the medium intensity of the wind (15 knots), and many times its lack, the steady coursed Ocean Star yachts showed their navigability and aggressiveness and the crews' strong will to obtain a place on the podium.

The 2 big 56ft Ocean Star yachts had been continuously leading the race, naturally due to their size; however they were chased by two smaller 51ft & 48ft respectively.

A lot of assistance was provided to the crews by the easy use of the sails and the general systems, since it is widely known that the smart design of these yachts is made only to serve this purpose.

Conclusively, it is certain that even though Ocean Star yachts have been designed for comfort, luxury & reliability for its passengers & owners, they can also compete and obtain distinctions in races.

The stress and tiredness of the race was erased when all the participants and the organizers gathered at the Poros Image Hotel for an unforgettable all night celebration!

The yacht that won the race was "Dancing Queen" skippered by Andrea Veroneze and Greek journalists as crew members.

The cups were awarded by Mr. Konstantinos Anargyrou, the owner of Ocean Yachts, along with the Mayor of Poros Mr. S. Spiridon, the Poros harbor master Mr. Ev. Pollalis, the commandant of the Poros camp Mr. N. Elias and Mr. G. Kedikides, Managing Director of North Star Communication Services that successfully organized the second Ocean Yachts Cup 2006.

Mr. Konstantinos Anargyrou stated: "I promise that Ocean Yachts Cup will be organized once every year with the beautiful island of Poros as a destination. I would like to thank all the owners that chose to combine their passion for sailing with one of our boats. Also, our thanks go to our sponsors that have significantly contributed to our race".

The Grand sponsor of the event was BIC with Bic Soleil shavers and sponsors were the companies: Mr. Chronis (K. Chronis SA, Reichold), Mr. Skordilis (Raymarine Skordilis S.A), Mr. Drakos (Ice Sea, Fischer Panda, Climma), Mr. Kontonatsios (Gr Sail, Greek Sailboats), Mr. Karagiannis (Hellas easyyacht) and Mr. Papaioannou (Elvstrom, Sobstad).

This activity is included in the Communication Program that North Star Communication Services is implementing for Ocean Yachts both in Greece and abroad.
